

Nucleo License

By purchasing Nucleo icons set (including the custom icons created through the Nucleo web application) and the yearly license to use the Nucleo web application (hereinafter “Nucleo”) you are being granted a license to use Nucleo for specific uses under certain conditions. Ownership and copyright remain with Amber Creative Lab Ltd, and you are required to abide by the following licensing terms.

You have rights to use Nucleo in an unlimited number of personal and commercial projects (such as app designs, website designs, presentations etc.) for yourself or a client. Even if you don't renew the license, you can still use the source files for as many projects as you want.

For each client's work, you can use a maximum of 200 icons (intended per unique style: for example if you're using the same icon in both the outline and glyph versions, or in 2 different sizes, you're using 2 icons).

You can use Nucleo icons for items offered for sale on marketplaces (e.g. Themeforest, Creative Market...), as long as you're not using more than 50 icons (intended per unique style: for example if you're using the same icon in both the outline and glyph versions, or in 2 different sizes, you're using 2 icons).

You don't have the right to:

- Sublicense, resell, share, transfer, or otherwise redistribute Nucleo on its own (even for free);
- Use Nucleo in a product offered for sale (or for free) where Nucleo contributes to the core value of the product being sold/shared.

If you're still unclear about what is or isn't allowed under this license, please contact the support team at support@nucleoapp.com.
